## Fourth of July Celebration Crowds Throng Valley on Holidays

### Resorts Crowded, Swimming Plunges Popular and all Near by Celebrations Well Attended

The Valley of the Moon was the mecca of thousands of holiday visitors over the Fourth. Some 23000 people came in on the railroads between Saturday night and Tuesday while several hundred automobiles taxed the local garages to their capacity, motorcycleists, horses and hikers brought vacationers in too and yet we had no regular celebration. They just came to frolic to dance and to swim, each to celebrate in his own way the glorious day of America's independence.

Thin, fat, old and young, some with a grouch and some with a grin gathered in Sonoma Valley to celebrate and they all went home happy to live in a country so glorious and so rich in healthy recreation.

The resorts did a record business and took care of the big crowds in a most commendable manner. Boyes Springs broke the bathing record on the Fourth, 1430 bathers having gone in swimming on that day. Feters and Agua Caliente also did a fine business the big mineral swimming plunges being thronged with bathers from the time the baths opened until late in the evening.

#### Celebration at Kenwood

The Kenwood Improvement Club gave a very enjoyable celebration in the upper end of the valley which was attended by a large crowd from that vicinity and netted the club a substantial sum. In an attractive grove of trees, tables gayly decorated in red white and blue were set and there a barbecue was held, a fine steer fattened by Holcomb and Sheldon of the De Turk ranch, and frioles being served. After the feasting there was a literary program consisting of the reading of the Declaration of Independence by Miss Helen Chikurian, patriotic songs, drills and remarks by Rev. Hubert. The exercises were held in the Improvement Club house which is a decided credit to the enterprising people of that district. Uncle Sam was represented by Master Rodney Beard, Columbia by little Miss

Carol Belle Wilson.

The afternoon and evening were given over to dancing for which excellent rag time music was furnished much to the delight of the devotees of Terpsichore.

The committee of arrangement was W. R. Stearns, Mrs. Beard and Mrs. L. Bufford ably assisted by many others among them was Judge Leopold Justi who was presiding justice at the festive board, custodian of the grape juice and official door keeper.

Among those who attended the Kenwood celebration were. Supervisor and Mrs. Harry Weise, Mrs. Cereghino and the Misses Fridger, Mrs. Sam Lewis, Miss Elizabeth Lewis, A. White, Miss K. McDonnell, E. Johansen, Clyde Johansen, W. L. Murphys, Jas. Cowans and a big delegation from Santa Rosa.

#### Petaluma Attraction

Sonoma was well represented at Petaluma, who is to be congratulated on her splendid celebration in which over 10,000 people participated on the day of the Fourth. One of the big attractions was the race meet, a number of Sonoma horsemen participating and carrying off honors. L. Brubeck's Pacific, J. Leveroni's Billy Van, Dupont's Hamberg Belle and Clara C. were winners, driven by J. Ryan R. A. McDonnell, John Lawler, Sr. and John Mohr were among the officials at the race meet.

## CHARGED WITH KNIFE WIELDING

Mrs. Ray Leibel, of Feters Springs, swore out a complaint Thursday, charging E. A. Herman with a misdemeanor, to wit flourishing a deadly weapon in a threatening manner.

Herman rents out cottages at the springs and went over to remonstrate with his tenants over the use of water and lights whereupon he was engaged in a heated discussion, which culminated so Mrs. Leibel says, in his drawing a knife. His arrest followed and he will appear before Judge Small for trial on Wednesday, July 12.

Rev. Father Moran has been down to Menlo Park during the past week.

## PIONEER DAYS TO BE RECORDED

### Material Continues to Pour in—Sewell of Commission Goes to Placer County

Mr. E. G. Sewell, who has been here delving into the pioneer days for the Historic Survey Commission, has gone to Placer County for several weeks and after studying "the days of old and the days of gold" in that vicinity, will again take up his work in Sonoma gathering together the valuable data located here. During his absence he has put the work in the hands of Celeste Granice Murphy, who will be glad to hear of any cherished records or documents suitable for the State collection. As to the kind of material Mr. Sewell wants he says,

Many people have inquired as to the sort of material the Commission desires. This question is easily answered. We would like to see anything and everything pertaining in any way to the early days in California. Old diaries, account books, price lists, letters, deeds, land grants, newspapers—in fact, as we have said, anything and everything.

We wish, however, to have it clearly understood that we do not wish to take away anyone's documents. If any person wishes their valuable documents kept safely and made available for the use of students, the commission will gladly accept the responsibility of caring for them. Otherwise the material will simply be listed.

The Vallejo collections contain a hand written record of the conditions of the Treasury of the Mexican Government written in 1762 69, bearing the seal of the King of Spain and the "Historia General de los Viajes," translated from the French into Spanish; "The Solitude and Sufferings of His Sacred Majesty," published in 1649, is in English. All the books are covered with real leather of unique simplicity and bound with a leather thong.

One of the most valuable documents found in Sonoma County was the diary of Stephen L. Fowler. Mr. Fowler, with his brother James, came to California in '49, coming around the horn in the ill-starred Mormon ship, the Brooklyn. The diary tells of the passage, of the ravages of scurvy among passengers and crew, of the narrow escape from shipwreck

on the rocky coast above San Francisco and of the conditions in the city of sand lots.

According to Mr. Fowler, a skilled mechanic received from \$15 a day up, while unskilled labor brought from 50 cents to \$1.00 an hour. With such prices prevailing it would seem that a workman should have been able to accumulate a competence in a comparatively short time, but there was, as usual, a fly in the workingman's ointment. In this case it was the high cost of living. If you doubt it just consider the following prices: 37½ cents a pound for potatoes; 75 cents a pound for onions; 25 cents a piece for oranges; 25 to 50 cents a loaf for bread and other expenses in proportion.

## HEART FAILURE CAUSES DEATH

### Mrs. Weatherhead Succumbs to Malady From Which She Has Long Suffered

Mrs. Bruce Weatherhead, of El Verano, wife of the superintendent of the Sonoma Valley Light, Water & Power Co., died at her home Thursday night of heart failure, from which she has long been a sufferer.

Mrs. Weatherhead was still a young woman and leaves besides her devoted husband a large number of relatives and friends to mourn her untimely passing.

She was the daughter of the late Mrs. Kathryn McCann and sister of Miss Ella McCann. Mrs. J. Shevlin and Mrs. V. Lewis, and was a native of San Francisco, aged 32 years.

The funeral will be held from her late home in El Verano, thence to St. Francis' Church, Sonoma, Monday, July 10, at 10 a. m.

## DEATH OF FORMER SONOMA LADY

Mrs. Eva Sydnor Rideout, step-daughter of the late John Tivnen, and a former resident of Sonoma, passed away in San Francisco Tuesday following a capital operation in one of the hospitals there. She had been in poor health for some time past. She leaves a husband and two children.

Mrs. Mabel Thomas Murphy, of this place, attended the funeral on Thursday.

Mrs. Hamilton and daughter spent the Fourth in San Francisco

## TRUSTEES MEET AFTER FOURTH

### Regular July Session Enlivened by Tilt Between Mayor Von Hacht and Marshal

The regular July meeting of the City Trustees gave promise of being a routine affair until along toward the last of the session when Mayor Von Hacht and City Marshal Albertson had a tilt over the question as to whether or not Jim was to be the sanitary chief as well as peace officer. Now Jim doesn't mind being on good terms with the dove of peace, but he isn't partial to germs or hook worms nor microbes so he "sot" all over the proposition of serving, declaring that it was the duty of a doctor and that he was no M. D. Mayor Wm. Von Hacht, thereupon, wielded the big stick, which proved to be a good sized sapling and it made our City Marshal sit up and take notice. So Jim will serve, and the Mayor wins hands down.

But to get back to the business of the council, Trustees McDewitt, Bose, Bulotti, Dal Pozetto and the Mayor, were all present and after the reading of the minutes the following bills were passed on and ordered paid:

Wm. Trudgeon, covering gutter	80.25
I. Brusky, teaming	11.25
Peter Basaglia, curb	27.40
H. W. Gottenberg, salary and supplies	16.50
S. City W. Co., water	11.50
H. Castagnasso & Son, teaming	18.00
H. Foster, night watchman	6.00
Cal. Cor. Curb Co., iron	1.86
Busby & Coates, keys	1.50
Thos. Lewis, surveying	148.75
A. W. Adler, stakes for plaza	18.96
Index Tribune, printing	10.00
C. C. Cowgill, salary	25.00
S. Schocken, water	9.00
L. V. Emparan, royalty on rock	3.00
F. Canevari, labor	10.00
J. H. Albertson, salary	15.00
R. Quartaroli, labor	60.00
H. Pooler, jan. service	7.50
Lutgen Bros, printing	2.00

The Marshal's report was referred to the Finance Committee. Permission was granted to transfer the Valente license to the Maffei building.

A vote of thanks was received from the Rebekahs thanking the city for the illumination of the city upon the visit of the grand

officers of the lodge to Sonoma

A communication was received from Henry Pellissier offering to sell Lawrence Villa to the city for \$7500, including all the water rights thereof, which was declared ample for a municipal supply. The matter was placed on file.

The Marshal was instructed to notify plumbers that repairs to streets must be made after the installation of sewer connections.

Trustee Bose resigned as sewer inspector and asked that Fochetti and Son be named instead.

City Trustee McDewitt asked that data be prepared on the street oiling process, cost, etc., to be forwarded to W. D. Painter, a Grass Valley trustee, who wants to know how it is "did."

Ordinance No. 145, relative to fixing the fire limits and allowing \$50 worth of alterations without a permit was read for the last time and ordered published.

Street matters were discussed at some length and it developed that Contractor Sundburg had offered to do the work for property owners along the block now being paved by the city for \$2.50 per front foot.

## MRS. CASSON LOSES BELOVED AUNT

Mrs. E. T. Casson was summoned to Mendocino County last Monday to be present at the bedside of her aunt, Mrs. Baker, who has been an invalid for some time past. It proved to be the respected lady's last illness and she passed away on Wednesday last.

Her devoted niece, Mrs. Casson, was at her bedside to the end. Mrs. Baker was the foster mother of Mrs. Casson and had often visited here.

Interment was in San Francisco, Mr. Casson joining the party at Ignacio Thursday morning

## CONTRACT AWARDED FOR SCHOOL

The contract for the building of the fine new school house at Agua Caliente has been awarded to Contractor Wm. Gowan by the trustees of Flowery district. The contract price is \$3020.

A bid of \$3280 was put in by A. M. Hilderbrandt of Santa Rosa. Mr. Gowan, the successful bidder, has built many attractive homes in the vicinity of the Springs during the past few years

The little son of Mr. and Mrs. Will Clewe was christened Sunday last. He was named Temple after the family of Mrs. Clewe and sponsors were Miss Helena Clewe and Ernest Clewe.

## WILL BE FAIR JULY BRIDE

### Miss Helena Clewe to be Led to the Altar by W. Terrill Holt on Thursday the Twentieth

Miss Helena Clewe is to be a fair bride of July her marriage to Rev. W. Terrill Holt Thursday the twentieth at 1.30 to be one of the prettiest ceremonies ever held in the artistic little Trinity Church of which Mr. Holt has been the popular rector. It will be simplicity itself no attendants having been selected by either of the young couple but with the floral decorations to be arranged by the artistic sister of the bride, Miss Doris Clewe and with the impressive Episcopal marriage service to be read, it will be nothing short of a very pretty wedding. The attractive girl who is to plight her troth to the estimable young clergyman will wear a filmy wedding gown of white silk and chiffon made in the style of the season and will carry a shower bouquet.

So numerous are the well wishes of the popular couple that they have decided to welcome in general all friends to the church and to limit the reception and wedding breakfast to follow at the Clewe home to the relatives.

The bride-to-be has already received many handsome gifts and been the recipient of the most beautiful congratulatory letters.

## GIRL STRUCK BY AUTO

Miss Gertrude Ecklers, of San Francisco, who has been summering here, was struck by a machine driven by Mrs. C. L. Lowrey, of El Verano, Thursday on Napa Street.

The young lady, with a number of companions, was walking in the middle of the road, and turning to look after a car going in the opposite direction, did not see Mrs. Lowrey, the fender of whose car hit her, knocking her to the ground. She was immediately brought to town by Mrs. Lowrey and niece and her slight injuries attended to by Doctors Hays and Thomson. The accident was unavoidable, the young lady's companions completely vindicating Mrs. Lowrey.

Mrs. McGill was operated on at the St. Francis hospital by Dr. Gardener, the S. P. surgeon, assisted by Dr. Gobar. She is doing nicely.

## Making Our Jobs Fool Proof

When one complains about high taxes it is usually not the money we've got to put out that disturbs us the most, it is the fact that we do not feel satisfied that it is being expended with judgment or that we are getting what we pay for. It is marvelous how long such conditions can exist which goes to show that everybody's business is nobody's business and democracy is not what it is cracked up to be. We pay and we pay and we elect and we elect but conditions do not change much. Protests never get beyond the wrangle stage. People do not like to be branded as chronic kickers because the brotherhood of kickers are usually a coterie who too often are not guided by any other motive than the love of agitation. They are reactionaries at all times negative pole-cats who desecrate any innovation or improvement, so other people want to keep away. But there is good for even in a pole-cat and so we must recognize that there is merit in opposition when backed up by reason and judgment and given weight by proper organization. For this reason Tax Payers leagues have come into being and are trying to give proper and decided direction to the hitherto unharnessed sentiment against waste of public money and inefficient service in public office.

The tax payer has collectively decided that fool proof instruments must be put in the hands of our public servants who at best are but humanly imperfect and follow the line of least resistance. The permanent road is an out growth of this tendency. Once installed properly, it is fool proof and the tax payer can see where his money is and have the satisfaction of knowing that the men he honored to look after it can't do any thing else but look after it right for the whole process is obvious and impossible of mismanagement. So we are clothing ourselves with authority by new laws and arrangements for our own good and appearing less ridiculous than formerly when with the dawn of every election we hoped with child like faith for better things than ever came to pass.

## Rapid Fire Paragraphs

Talk about starting something, permanent street work in Sonoma is a reality.

The city dads are chucking the chuck holes in one part of town and they are chuckling over it too!

Will we have a street and a half, or a half a street?

Every time the pick descended to break ground it hurt some silurians feelings. It was a blow at the heart of the old rut.

Did you see the cross walks? The mossbacks walking up and down bemoaning progress.

When two blocks are completed as many more block-heads will be converted.

You'd think we were building the Twin Peaks tunnel or the Panama Canal, so one trustee expressed it.

A street is something we travel in life time. A grave is something we've got to come to. Let us make the most of our above ground opportunities.

We know one element that won't stand for the new type of street—water in the winter time.

Street work is like dentistry a little plugging is a dangerous thing. It has got to be done on a proper basis, not too quickly or too cheap, and it's got to be looked after when it is done and at regular intervals.

Some tax payers may need an anesthetic, but they'll be glad when it's done. Drawing checks is as painful as drawing a tooth to some.

No, the dentist didn't give us these tips, but we know he agrees with us.

The pull-backs would like to see the city dads in convict garb working on the road. That's the way they feel about it. Stripes are all the go so we should worry about the physiological effect.

It's a long road that has no turn. It's Sonoma's turn.

After all what is a town without a little kick in it? We've got it!

And now they've got a printing plant at the Feeble Minded Home.

## RURAL MOTOR SERVICE IS REALITY

After trifling with us for many months Uncle Sam decided to celebrate the July calendar by really inaugurating the long promised rural motor mail service. So Carrier Wade in his becoming blue uniform and his up-to-date mail car was given the word by Postmaster Waggon on the first and as a result patrons to the number of 360 are now getting the benefit of this new service. The route of 56.4 miles is covered in six hours and a half with better time promised when we get better roads.

The couple came to the Judge's home about 7 p. m. last Thursday and wanted a license but as much as he wanted to be Cupid he was forced to send them to Santa Rosa for the document. After three hours of motoring they returned with the paper and were joined in the bonds of matrimony by his Honor. It is not on record whether the Judge kissed the bride but it is to be hoped he exercised his judicial prerogative.

## BLACKBERRY JAM FOR UNCLE SAM

Manager Joe Brush of the Green Valley Cannery is a busy man these days. He was awarded a government contract to furnish 10,000 cases of blackberry jam, and 600 cases were wanted Wednesday. He had only 300 cases on hand and to have an additional 300 cases ready for delivery meant an all night run Thursday night.

The Green Valley Cannery has been rushed with orders all season. It has been furnishing the government with blackberry jam, pie blackberries, Royal Ann cherries and other fruits in the past, but the orders have not been so heavy and rushing.

As an instance how prosperity passes along, the Times executed a rush order for labels by working overtime Thursday night.—Sebastopol Times.

The Bordsons and H. W. Gottenbergs spent the Fourth at Dillon Beach.

## BASEBALL NEWS

Sonoma defeated the Richmond Giants of San Francisco by the score of 13-3. The game was a good one to watch if the fans like heavy hitting for the boys certainly distinguished themselves as some wrecking crew for they hit the opposing pitchers to a finish. The awful wrecking crew for the day was Evans, Boccoli, and Hung. Evans got into his old stride by hammering the pill to left field for two home runs, a two base hit and a single, Pete Boccoli, our winning hurler, also got into the limelight by his heavy hitting. Pete got a three base hit, a two base hit and two singles. Henry Anselmi, who filled Jack Canevari's shoes at left field, made himself awful handy also getting two home runs and a single.

The Richmond Giants wrecking crew were very weak for they could not even wreck a baby buggy.

Pete Boccoli and Fritz Helberg were the hurriers of the day. Pete pitched the first six innings for Sonoma, striking out 11 men, allowing but one pass and 4 well scattered hit. Fritz, who twirled the remaining innings for Sonoma was also there by striking out six men and two and allowed but one hit. Ralph Evans and Henry Anselmi, wins the most generous prizes offered by the well known merchant Chas. La Torres.

## An Energetic Man

Mr. Theo. G. Miles, who conducted for several years a quick shoe repairing establishment in Elmira, N. Y., came to Sonoma Valley last February and bought 5 acres on the Snyder tract, and put up 6 buildings and improved the whole place for chicken raising. He made a good start, but seeing that chicken raising was a slow process and being an energetic man he wanted something in addition to his chicken ranch so he has rented the store next to the Don Theatre, on Napa Street, where he will conduct a first class shoe repairing establishment, at cut rate prices.

Mr. Miles has made many friends, who wish him success in his new undertaking, believing there is a demand for a good, quick shoe repairer and that Mr. Miles is the right man on the right job, in the right place. Adv.

## CANDIDATE FOR ASSEMBLY HERE

Robert Madison, popular candidate for Assemblyman from this district was in town yesterday renewing acquaintances and making new friends. Mr. Madison is a Republican and it is predicted that he will poll a big vote here as he is thoroughly in accord with the movement to protect the grape and hop industry from the destruction which would follow the prohibition amendments and he is desirous of enacting legislation whereby the state will not be kept in a constant state of agitation and business uncertainty.

Another measure to which Mr. Madison will give his attention is the community property law of California.

The affairs of the district can be safely entrusted to a man of Bob Madison's type as he is at all times fair, broad minded and staunch in his opinions. Register by July 29th so that you can vote for him.
